INSTRUCTIONS FOR THE PREPARATION OF BUDGET ESTIMATES.

1932-33.

One set is intended for your use as office copy, two for transmission to the Administrative Department of the Government of India concerned and two to the Pay and Accounts Office, Bangalore. It is particularly requested that the Budgets should be forwarded ~~so~~ as to reach both the Government of India and the Pay and Accounts Office, Bangalore, not later than 15th October 1931. Any delay in the matter will upset the entire Budget programme of Government and lead to serious dislocation of work in this office, in the Secretariats concerned and lastly in the Legislative Assembly, and I need therefore hardly emphasise the necessity for your strictly observing the date mentioned above.

The several columns of the Budget are self-explanatory, and no special comments on them are necessary. You are required to fill up the columns 'Budget 1932-1933' and explain briefly the important variations in the figures for 1931-32 and 1932-1933. Three years' actuals have been noted in one copy of the form marked 'original' and they may be transcribed in the remaining four copies. The columns 6 to 9 marked 'Revised' should be left blank. You will notice, however, that the Budget has been divided into three parts and they are as given below:-

- (1) Part 1 - relating to revenue and to standing charges, i.e., charges which though they may vary from year to year are nevertheless not dependant upon the volition of the Head of the Department, e.g., permanent establishment, travelling allowances and ordinary contingent expenditure.
- (2) Part 11 Section A - relating to charges which, though not connected with new objects of expenditure are nevertheless liable to fluctuate materially from year to year and which require to be scrutinised by the Government of India before they can go into the Budget. These ~~cha~~ charges are for example, purchase of animals, quinine, raw materials, etc.,
- (3) Part 11 Section B - relating to entirely new objects of expenditure for which it is necessary to obtain the approval of the Finance Committee of the Legislative Assembly before it can be incorporated in the Budget.

The above division has been made with a view to introduce certain differntiation in the work of scrutiny and examination of Budget by the Pay and Accounts Office, Bangalore and Government of India and so far as the preparation of the Budget is concerned, ~~departure~~ is intended from the procedure hitherto followed. The following points should, however, be specially kept in view:-

- (1) No item of expenditure should be provided for, which is not covered by any sanction either general or specific. If any provision be considered necessary for an unsanctioned item, it should be included in part 11 Section B (fresh item), but should on no account be incorporated either in Part 1 (Standing charges) or in Part 11 Section A (Fluctuating charges). It will be done by this office on receipt of sanctions to the fresh items by the Government of India Finance Department.
- (2) No alteration of heads as between Standing and Fluctuating charges should be made by you without the concurrence of this office.
- (3) No lump provision should be made in the Budget. All provision proposed should be classified by detailed heads under the appropriate primary units of appropriation in the Budget.
- (4) Increments due should in all cases be provided for whether for officers or for establishments.
- (5) Calculation for fixed revenue should be based on actual demand including arrears, and probabilities of realisation during the year. The arrears and current demand should be separately shown, and reasons ~~given~~ ^{given} if full realisation cannot be expected. Fluctuating revenue should be based on average of last three years' actuals, regard of course being paid to any known circumstances which may effect the past actuals

actuals one way or the other.

- (6) Suitable provision for leave salaries both of officers and establishment may be proposed in the Budget on the basis of past actuals.
- (7) Provision for temporary posts which are sanctioned for one year only should be ~~added~~ as new items of expenditure in the following years' budget if their continuance is considered necessary and the provision for such posts should be included in part 11 B. (New items) of the Estimate.
- (8) The proposals relating to the 5 year programme of education should be included in part 11 B of the estimates as the intention of the Government of India is that they should be so included.
